

COREL™

WINZIP®
A Corel company

Corel Volume Licensing: Now available at Synnex!

Easy and Affordable for your customer Easy and More Profitable for you

Synnex now has access to all the Corel Volume Licensing options:

Corel Transactional Licensing

Ideal for organizations looking for an easy, one-time purchase, Corel Transactional Licensing (CTL) helps you enjoy substantial savings by purchasing licenses instead of multiple boxes for your office. With no minimum purchase, no contract and no ongoing commitment, CTL offers a convenient, simple and flexible purchasing solution.

Academic Licensing

Corel offers academic licensing programs tailored to the needs of Primary Schools, Secondary Schools and Higher Education. Talk to us for details on Corel Classroom Licenses and Corel License for Learning (CLL) site licensing programs.

Maintenance

Make the most of your Corel software investment by taking advantage of Maintenance—the flexible, cost-effective route to software support and upgrade protection. Purchased in conjunction with your product license, Maintenance ensures that your software is always supported, convenient and up to date.

Media Kits

Media Kits are required for all corporate and academic licensing and are sold separately. WinZip is excluded and does not require a Media Kit.

Corel Product Portfolio

Office Productivity

Well-known industry-standard products, such as **WinZip®** and **Corel® WordPerfect® Office**, enable companies to work more cost-effectively and efficiently, while protecting valuable and confidential content. Simplify tasks and collaborate seamlessly with our WordPerfect line of office suites, powerful and integrated word processing, spreadsheets, presentations and email with full PDF capabilities and web services built right in. Share, store and protect data faster with WinZip, the world's most popular file compression software.

Photos

Corel® PaintShop Photo® Pro is used by businesses in all sectors, including real estate, travel, eCommerce, legal and banking. In fact, this photo-editing software is ideal for any business that is looking to enhance its product and service image via print, mobile or web communications.

Video & DVD

Corel® VideoStudio® Pro video-editing software and **WinDVD®**, our DVD playback software, enable many financial and public service customers to produce, copy and play back videos, such as corporate training videos, across an entire organization.

Illustration & Design

CorelDRAW® Graphics Suite and **Corel DESIGNER® Technical Suite** are used extensively by design departments in the largest automotive, aerospace and manufacturing companies to help them maintain their position as leading innovators in graphic design and technical illustration. **Corel® Painter™**, the world's most powerful digital painting software, is used by leading creative artists within the film, games, photography and creative design industries. Its digital art and design tools are unmatched by any other product.
